From Heise Zeitschriften Verlag : c't Digital Photography Issue 1 (2010) before purchasing it in order to gauge whether or not it would be worth my time, and all praised c't Digital Photography Issue 1 (2010):

Software-based Analog Film Emulation: The time will probably come when we have all had enough of the super-polished look of our digital images. This is the right moment to revive the aesthetics of the analog past and use software plug-ins to emulate the look of legendary Kodak, Ilford, Orwo, or Polaroid films. Further Highlights of this Issue: Portfolio Enno Kapitza; Photographing Buildings; Photoshop CS5: More Than Just an Update; Perfect Portraits; Build Your own LED Mini-Studio; Digital Camera Manual Lens; Creating Your Own Preset Looks in Photoshop

Lightroom; More Photoshop for Your Elements.
