From Intellect Books : Crime Uncovered: Antihero before purchasing it in order to gage whether or not it would be worth my time, and all praised Crime Uncovered: Antihero:

Crime Uncovered: Antihero is a fascinating and timely collection of essays that all examine the antihero in crime fiction, television and film. The antihero has enticed readers and audiences for generations: why is it that we root for characters such as Tom Ripley, Dexter Morgan and Walter White, despite our conscious revulsion at some of their actions? These iconic and popular figures of literature are examined in this collection, alongside those lesser-known

characters from crime fiction that you will discover here. These essays will give you an insight into the characterisation, methodology, social context and morality that makes up these unlikely protagonists.

ldquo;Valuable. . . The book is at its most arresting when addressing characters about whom little scholarship has yet been produced. . . . While this smart, diverting volume may lack historical context it possesses nonetheless a puckish appreciation of the new.rdquo;
