Ann E. Smith : Crochet for Kids: Sweaters for Infants, Girls, and Boys before purchasing it in order to gauge whether or not it would be worth my time, and all praised Crochet for Kids: Sweaters for Infants, Girls, and Boys:

1 of 1 people found the following review helpful. SO CUTE -- I wish they had instructions for adult sizesBy nlovely1I love this book. A lot of kids' crochet books focus on styles for little girls -- but this one has several real winners for little boys. The designs are unique and really cool. They're cute without being "cutesy." Your children will not be ridiculed by their classmates when they show up in the outfits you made them from this book. They're not "dated" -- if you bought this to make things for your kids, you'll probably still be able to use it for your grandkids. Beautiful pictures show every detail, which is important if you're like me -- I rely more on the pictures to tell me what to do than the instructions/patterns.4 of 4 people found the following review helpful. Sent this one backBy DiplochickThis book includes sweaters that *look* like you made them. Almost every pattern has sleeves that are very visibly attached to the blocky body of a sweater. The designs are outdated and the finished products don't even look that great in the book.0 of 0 people found the following review helpful. QUICK AND EASYBy becca8688ANY CHILD WOULD LOVE THESE ITEMS. IT IS VERY EASY TO READ AND UNDERSTAND. I CAN'T DECIDE

WHICH PROJECT TO CROCHET FIRST. I DEFINITELY RECOMMEND IT FOR YOUR CROCHET LIBRARY.

They don't get any cuter than this ... Crochet for Kids features more than 30 unique and fun designs for babies, toddlers and preteens. There are 23 themes in all, each with a garment and accessories to match.
