Diana L. Kenney : Crystal Lake (Postcard History) before purchasing it in order to gage whether or not it would be worth my time, and all praised Crystal Lake (Postcard History):

CL is a place I've spent a lot of time- and I feel I know pretty well. It was truly awesome to revisit this very same place again as I never could. If I had a time machine, I'm not sure I could learn more. Thanks!0 of 0 people found the following review helpful. Very nice productBy JennSoloArrived on time in good condition. I vividly remember many of the places. Good history.

Since 1835, when Ziba Beardsley declared, "The water is as clear as crystal," generations of people have enjoyed the area's spring-fed lake. The pages of this book take readers on a trip back through time to learn more about the twin

towns of Nunda and Crystal Lake and their eventual union. Meet some of Crystal Lake's first settlers, as well as those who came later, and discover how they shaped the community. See photographs and descriptions of summer resorts, country clubs, parks, schools, and churches. Trace the development of both Virginia Street and the historic downtown district through vintage street scenes. Some of the buildings shown in Crystal Lake were removed long ago, yet others are still standing to serve as silent reminders of the community's rich and proud heritage.
