Dragica Potocnjak, Nicola Kirkham : Cultures and Settlements. Advances in Art and Urban Futures, Volume 3 before purchasing it in order to gage whether or not it would be worth my time, and all praised Cultures and Settlements. Advances in Art and Urban Futures, Volume 3:

This volume considers the making of settlement as a process of identity formation. Taking the position that a culture signifies a way of life, it asks how cultural frameworks inform patterns of settlement, and how the built environment, as process and design, conditions cultural production and reception. The disciplinary fields this intersects include architecture, urban design, sociology, cultural and human geography, cultural studies and critical theory. Contributors

work in a range of such fields, in Europe and Latin America.
