Bradley Trevor Greive : Curses and Blessings for All Occasions before purchasing it in order to gage whether or not it would be worth my time, and all praised Curses and Blessings for All Occasions:

0 of 0 people found the following review helpful. Best fun gift ever!By Percheron FanHilarious!6 of 6 people found the following review helpful. Simply hilarious!By TheophilusA fun book full of wonderfully amusing curses and blessings and equally funny cartoons. I got this on a whim, and am very glad I did! Now to find some lucky souls to curse and/or bless! :-)2 of 2 people found the following review helpful. Feedback from gift recipient - emphatic "Yes!"By PatriciaI'm cheating! While I bought the book, it was as a birthday gift. I've just received the recipient's feedback which is: "I just opened your package. I am laughing out loud!"I think that is equivalent to a thumbs up, and therefore dare to recommend it to everyone who needs a few laughs!

May your yogurt be teeming with bacteria. International best-selling author Bradley Trevor Greive bestows this blessing on readers and many more in his newest gift book, Curses and Blessing For All Occasions. Mixed in are as many respectable curses for good measure. Witty, warm, and engaging, BTG brings his trademark style to this humorously twisted book for all events, circumstances, and occasions. Blessings include: * May your excuses for avoiding tedious social engagements always sound credible. * May your blocked pores be licked clean by angels. * May your corpse be museum worthy. Curses include: * May small dogs exploit all your insecurities. * May a bomber formation of incontinent geese fly over your sunroof. * May all dairy items in your fridge be of questionable vintage.

About the Author Since the debut of his international best-seller *The Blue Day Book*, Bradley Trevor Greive's books have sold more than 20 million copies in 115 countries. A former Australian paratrooper, BTG left the army to pursue more creative misadventures. Between qualifying as a cosmonaut for the Russian space program and writing books, he lives in a tiny Tasmanian hamlet. Online: btgstudios.com
