By Martin PSo much more than a purveyor of dreamscapes, Salvadore Dali was both a visionary and an incredible artist and this book reveals the man and the works upon which his genius was unleashed. Featuring biographical information and a run down of the works featured in the book, Eric Shanes' book delivers for anyone wanting to know a little more about the man with the curly mustache. But it's in the full page prints that the book truly delivers. Featuring 150 reproductions of Dail's work the book is both diverse and expansive, featuring many of Dali's different styles, from his famous surrealist paintings to revealing self portraits and plainer landscapes. The images are beautiful and feature many large and full page reproductions of some of Dali's most important works. Given the level of detail in Dali's paintings it pays to spend a little more on high quality print and a decent size, and this book delivers on both counts.

As a one of the foremost painters of the 20th century, Dalí, like Picasso and Warhol, can boast of having overturned the art of the previous century and directed contemporary art toward its present incarnation. As irrational as he was surrealist, this genius diverted objects from their original meanings, plunging them into the acid of his constantly churning imagination. A megalomaniac and an artist who above all understood the force of marketing and publicity, Dalí disorients the viewer in order to draw him into the artist's world. On his canvases, images and colours crash together to express and mock certain ideas, creating a subversive eroticism that taps into the subconscious of the avid voyeurs that we are. The author, Eric Shanes, explores the twists and turns of Dalí's mad genius, commenting on the masterpieces of the painter so as to show the diversity and scope of his talent, leaving the reader blown away and bewitched by this Prince of Metamorphosis. This work opens up the sweet, mad universe of this megalomaniac genius and invites us to let ourselves be overcome ... Dalí is, first and foremost, an absolute.
