**Raph, Alan : Dance Band Reading and Interpretation** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dance Band Reading and Interpretation:

0 of 0 people found the following review helpful. CHECK YOUR VERSION: Treble or Bass?By KHBE VERY CAREFUL! I ordered this for my son, at his teacher's request. I did not realize that it comes in both treble and bass clef versions, and naturally I bought the wrong one. No troubles returning it, but I wish I had known ahead of time that there might be two versions of this book.0 of 0 people found the following review helpful. Product Description not clearBy Jack RogersThe product description did not clearly state this is the Treble Clef variation....as I wanted the Bass Clef the item was of no value to me.0 of 0 people found the following review helpful. Five StarsBy J. ThordsenGreat resource for a student who wants to be able to read jazz charts and develop jazz style.

This book is for those instrumentalists who would like to familiarize themselves with, and become proficient in playing today's dance and jazz rhythms with a correct conception. The book's basic principle combines a group of FIVE comprehensive rules to be learned and applied to dance and jazz parts. Many examples of the most commonly used rhythms are presented, explained, and used in context with figures and etudes typical of actual dance band music.
