before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dance Composition: A Practical Guide to Creative Success in Dance Making:

2 of 4 people found the following review helpful. It really is a guide to creative success By Jennilee Garcia-green This book is great! From the first page down it helps you out in easy to follow guides. As you read it you are already getting different ideas for your choreography. It gives you graphics, pictures, info from the simplest thing to the most complex (music, solo, group, idea, etc). Must read for any choreographer out there!
