Deanna Muller : Dante Rossetti: Drawings before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dante Rossetti: Drawings:

Dante Gabriel Rossetti founded the Pre-Raphaelite Brotherhood in 1848 with William Holman Hunt and John Everett Millais, and was later to be the main inspiration for a second generation of artists and writers influenced by the movement, most notably William Morris and Edward Burne-Jones. His work also influenced the European Symbolists and was a major precursor of the Aesthetic movement. Rossetti's art was characterized by its sensuality and its medieval revivalism. His early poetry was influenced by John Keats. He is considered one of the most unconventional

painters of the 19th century. Through his methods, he distinguished himself from the Preraffaelite movement; he showed no interest on the exact representation of details, avoided complicated backgrounds, and tended away from landscapes. He hence chose primarily mythological or literary motives, though with no narrative moment.
