Arthur Fellig Weegee : Naked City before purchasing it in order to gage whether or not it would be worth my time, and all praised Naked City:

18 of 19 people found the following review helpful. You'll Be Sorry!!!!!!By B. MartinezOK, I've learned my lesson. With so many negative reviews, everyone can't be wrong. I have purchased literally hundreds of books from , and I like very much, but this was the worst piece of @\$%\$#! book I have ever purchased from them. How dare they charge \$17.50 for this amateurish reprint! I knew it was a print on demand book (the date I ordered it is printed on the back page) but I didn't think it would look like it was printed on a Xerox machine from the '70's that was running out of toner!! The photos are washed out and undiscernable. I'm hoping I can find a beat up copy of the original

somewhere. I really would love to have this book. Oh, and BTW, shame on Da Capo Press!! I own many of their wonderful reprint books on music. My respect for them as a publisher has dropped 80 points! 0 of 0 people found the following review helpful. Have a scanner? By George Bittancourt I immediately realized that I could improve many of these photos by scanning them into iPhoto and tweaking a little. I just didn't think that should be up to me. Surely, Weegee's work was better than this. 1 of 1 people found the following review helpful. Reprint edition (1985) is great book By Paolo Deex After reading complaints about modern edition and poor quality I decided to bought a used reprinted edition from 1985. Quality is quite decent so I am very happy Reprint Edition ISBN-13: 978-0306802416, ISBN-10: 0306802414

For Naked City, his first collection, Weegee cruised the streets of 1940s New York in the wee hours in search of the sensational. Lewd, louche, licentious but always brimming with life (except when brimming with death), Weegee's photographs have endured decades of modern art criticism and are again enjoying a much-deserved cult revival.
