Arlen Roth : Nashville Guitar before purchasing it in order to gauge whether or not it would be worth my time, and all praised Nashville Guitar:

0 of 0 people found the following review helpful. nashville guitarBy guitaro1999really does demonstrate the nashville sound. many examples. its an older book but it has many styles used today still0 of 1 people found the following review helpful. gift for grandsonBy Sharon WilburGreat gift for grandson. We could not buy this new. It was suggested that we buy this and so we did.2 of 2 people found the following review helpful. The most important book in my opinionBy Zelig NicI picked this book up when I was a young kid. I knew a few scales by this time, and had a pretty good chord vocabulary. This book, suggested to me by a guy who owns a stringed instruments shop in my town, REALLY pushed me to the next level. Not only was the book's content deceptively challenging, but it taught me how to play lead guitar; a realm that had before mystified me.This book is great if you're trying to learn country, rockabilly, and early rock and roll. There's some blues and folk in here too. Really, this book is one of the best I've come across. I recently bought another copy because my original one began to fall apart. Even after all these years, I still turn to

this book and I still get ideas from it.

A complete instruction guide to Nashville country guitar. With 19 songs, in standard notation and tablature, in the styles of Maybelle Carter, Sam McGee, The Delmore Brothers, Merle Travis, Clarence White, and Doc Watson. Chapters on flat and finger-picking, lead guitar, Bluegrass, Rockabilly, Special sections on string-bending techniques and pedal steel effect; licks, riffs, double notes, shuffle rhythms and much more.
