Just know that the book doesn't follow any particular order of presentation.0 of 0 people found the following review helpful. One StarBy jan tebuttVery boring, just a long long list of song titles . Badly written0 of 0 people found the following review helpful. Five StarsBy carrie FergusonBoyfriend loved this book. Lots of pictures,, great purchase.

Respected journalist Harvey Kubernik charts every aspect of Neil Young's extraordinary career with the aid of exclusive interviews conducted with fellow musicians, record producers, music journalists, film directors and loyal fans. The period spanning Neil Young's debut with local bands in his native Canada through to his more recent record-breaking tours and his acclaimed 2014 album A Letter Home covers some 50 years.The book encompasses a spell with the seminal West Coast band Buffalo Springfield, collaborations with Crosby, Stills and Nash, and a glittering solo career which began in the 1970s. The scale of Neil Young's achievements as a singer-songwriter and his longevity

as an artist have given him a status and an influence that helped shape the history of popular music. Among those featured in this book are musicians Graham Nash, Nils Lofgren and Richie Furay, filmmaker Jim Jarmusch, photographer Henry Diltz, producers Jack Nitzsche and the late Kim Fowley, and many, many more. Along with a retrospective commentary on every studio and live album, this is the ultimate tribute to one of rock music's true giants.

"[A] very well written and well designed book that also includes a very thorough discography cataloging everything from a 1963 single with the Squires to 2015's *The Monsanto Years*. There's also a couple of hundred photographs, some of which are previously unpublished and all carefully chosen and the book is interspersed with a year by year timeline that acts as a quick reference point for major events along the way. Neil Young fans are unlikely to be disappointed." --Louder Than War
Neil Young's career has traced an arc over five decades. The ups and downs of his career could fill a book, and luckily we have the supremely talented Harvey Kubernik to provide us with it. The author is a cultural historian with not only a tremendous gift as a writer but also the insight and understanding to unravel not only who an artist is but why...Once again, Kubernik has taken the reins of a wild horse and tamed him. He gives a face and focus to an artist nobody has really understood--until now. --Curled Up With a Good Book
Neil Young: Heart of Gold (Backbeat) by Harvey Kubernik. If you're a Neil Young fan, you'll have a field day with this one. Kubernik writes smartly on Young's studio and live albums and provides a complete discography of the artist's recorded works. Kubernik is an engaging music writer, and there are loads of color photos and images of Young memorabilia. --Marc Myers, *JazzWax*
About the Author
Harvey Kubernik is a writer and music historian, with over 44 years' experience as a pop culture journalist. He is the author of six books, including *Turn Up the Radio! Rock, Pop, and Roll in Los Angeles 1956 - 1972* (2014), *Canyon of Dreams: The Magic and Music of Laurel Canyon* (2009), and *Leonard Cohen: Everybody Knows* (2014). He saw Buffalo Springfield perform live locally in 1966 and '67 and attended a rare Neil Young solo concert in Hollywood in 2014. He has interviewed many of the studio musicians, bandmates, record producers and engineers who have worked with Neil Young over the last half-century. He lives in America.
