The book includes many historical paintings of both traprock ridges, which are also parks: West Rock Ridge State Park and East Rock Park. 0 of 0 people found the following review helpful. ROCKS THAT STIR YOUR IMAGINATION FOR THEIR SIZE AND HISTORY By JANET HALL WHEN I pass these great rocks I am in awe every time thinking of their geological history. I gave one as a gift to a person who lives near them and passes them every day.

The innovations in art and geology inspired by two classic Connecticut landmarks

ldquo; Though geared to those interested in New Haven and to art aficionados, this book will also more than satisfy academic researchers. The well-written, beautifully illustrated volume provides descriptions and analyses of West Rock and East Rock, New Haven's physical icons. hellip; Highly recommended (for) all academic, general, and professional audiences interested in Connecticut geology. rdquo; mdash; L.
