Nikki Van Noy : New Kids on the Block: Five Brothers and a Million Sisters before purchasing it in order to gage whether or not it would be worth my time, and all praised New Kids on the Block: Five Brothers and a Million Sisters:

0 of 0 people found the following review helpful. This book has the "Right Stuff" for a biography about the NKOTB. By Kindle Customer I really enjoyed reading this book more or less for the background information about the NKOTB. I was a fan of their music more so than just the guys. I saw them in concert last year and being too old to have been a Blockhead decided to read the book anyway. I could have done without all the fan commentary but the info from the guys and their parents is what I read the book for. If you just want to read this book for background and biography purposes then this is a great book to read. 0 of 0 people found the following review helpful. New kids...there is no

betterBy amandaI've been a fan for so many years. And found this book and i laughed and cried throughout.Im so proud to be a blockhead.14 of 15 people found the following review helpful. Revealing, heartwarming and sincereBy L. Michelle PriceI was expecting this to be another recap book describing things I already knew about the group I have loved for more than 23 years. What I got was a compelling stories full of tid-bits that even I, a die-hard fan of NKOTB, didn't know. I loved the sincerity and honesty in this book and in these 5 guys. It touched my heart and showed me, yet again, why I love these guys and am proud to call myself a fan. Nikki Van Noy did a great job of capturing heartfelt moments, fantastic quotes and amazing fan stories. I would highly recommend this book to any Blockhead.

An authorized biography of supergroup New Kids on the Blockmdash;tracking their rise, fall, and recent return as one of the biggest acts of all time (with a special focus on the fans who have supported them every step of the way)..Jordan Knight, Jonathan Knight, Joey McIntyre, Donnie Wahlberg, and Danny Wood. They set the bar for every boy band that followed and changed the course of pop music forever. In the 1980s, for millions of young girls around the world, they were gods. But behind the scenes, they were just kids. In this authorized biography of the band, the New Kids tell it all to rock author Nikki Van Noy. Idquo;What distinguishes this from similar biographies is Van Noysquo;s inclusion of the voices of dozens of NKOTB fans both in the story itselfmdash;commenting on events from a fansquo;s perspectivemdash;and sharing personal tales of kindnesses shown by the band members at the end of each chapter.rdquo; (The Boston Globe)
