**From Birkhäuser : Nexus Network Journal 11,1: Architecture and Mathematics** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Nexus Network Journal 11,1: Architecture and Mathematics:

In celebration of the 2009 International Year of Astronomy, this issue of the Nexus Network Journal is devoted to relationships between astronomy, mathematics and architecture. Ancient cultures looked to the heavens in order to identify timeless principles for their own creations. Knowledge gained in astronomy was transformed into culture through architecture and design. Papers in this issue look at how astronomy influenced architecture and urban design.
