Extremely useful!By JiayangTvI really need a book that will explain this camera, I watched a bunch of YouTube videos, but no one ever explained how to use this camera like a pro. Since I lost the instruction manual, I bought this item. So worth the 20 bucks!1 of 1 people found the following review helpful. Excellent guide for old guy Luddites raised in 35mm film and Kodachrome slides.By NTSofar, the book has been great. Just what this tech-challenged old guy needed as everything with which I needed help, I found in the book. It's organization from the basics to more advanced capabilities I may never need, are there. Great buy!0 of 0 people found the following review helpful. Fantastic bookBy Shawngreat book after three years with the d90 this book explain things I had no idea how to use like I opened up a whole nother world with my camera
