Nirvana : Nirvana Drum Collection before purchasing it in order to gauge whether or not it would be worth my time, and all praised Nirvana Drum Collection:

2 of 2 people found the following review helpful. Dave Grohl's Masterpiece By Annabelle Chapman This transcription includes all the greats. it is very detailed and accurate from what i can hear. there is only one disappointing thing and that is that it does not have the drumming transcriptions of 'pennyroyal tea'. However, it is a great book that will get you as good Dave.

(Drum Recorded Versions). Features transcriptions of Dave Grohl's actual drum tracks on 17 hits culled from four albums: Bleach , Nevermind , Incesticide and In Utero .
