I learned about things I never put much thought into before and it all makes perfect sense. Easy and interesting read.0 of 1 people found the following review helpful. Four StarsBy Molly Kleingood/correct book for the class. Lots of marks in it before I used it though.

Drawing significantly on both classic and contemporary research, Nonverbal Communication speaks to today's students with modern examples that illustrate nonverbal communication in their lived experiences. This new edition,

authored by three of the foremost scholars in nonverbal communication, builds on the approach pioneered by Burgoon, Buller and Woodall which focused on both the features and the functions that comprise the nonverbal signaling system. Grounded in the latest multidisciplinary research and theory, Nonverbal Communication strives to remain very practical, providing both information and application to aid in comprehension.

From the Back CoverKey Features for Nonverbal Communication includes: Emphasizes nonverbal codes as well as the functions they perform to help readers see how nonverbal codes work with one another and with the verbal system through which we create and understand messages.
