Richard Woods : Oceanside (Images of America) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Oceanside (Images of America):

0 of 0 people found the following review helpful. There are great facts and provided lots of history that I found ...By MargeI am a resident of Oceanside and I found the book to be fascinating. There are great facts and provided lots of history that I found fascinating and helped me learn lots about the town that I call home.0 of 0 people found the following review helpful. The book is a nice one, well doneBy E. J. RichardsonI was born and grew up in Oceanside before I moved away many years ago. I knew many of the places people shown i the 1940 1950's 1960's section . The book is a nice one, well done.0 of 0 people found the following review helpful. Such a great book by Mr. Woods.By UpCycleLivinGreat book. Love reading up about the town i grew up in and how much history. Plus its so awesome that my favorite teacher from high school wrote it.

Oceanside is a close look at a community whose history begins with the history of Long Island. Captured in these images is the south shore town that was once one of the largest oyster-producing communities in the world. It is a place that, over the years, has attracted farmers, baymen, middle-class families, and millionaires. It has also drawn more than its share of visitors to St. Anthony's underground church, Bealls Zoo, the Roadside Rest, and Nathans Famous Restaurant.
