Cherry Lane Music : The Prince of Egypt Songbook before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Prince of Egypt Songbook:

All the songs were in there, just as hoped, with words to the lyrics and the names of the characters singing each part. Lots of interesting accidentals and rhythmic challenges--definitely not for a beginning pianist (unless the beginner is sufficiently motivated!), but not particularly difficult, either. Moderate difficulty. One irritating thing (to me, at least) is when a note has an accidental in one measure and then is explicitly shown to be back in the initial key in the next measure (e.g., the song is in C major and there's an E-flat in one measure and then it's shown as E natural in the next). I just find it distracting, but maybe others might find it helpful, I don't know. Also, there are illustrations from the movie and guitar chords included. Not spiral, so a bit difficult to get it to lie flat, but isn't that what Kinko's is for?

Excellent piano book.

This book DOES contain River Lullaby, it is a part of Deliver Us (other reviewers may have not read the music), it is not a stand alone piece. 0 of 0 people found the following review helpful.
