Vivienne Westwood, Ian Kelly : Vivienne Westwood before purchasing it in order to gage whether or not it would be worth my time, and all praised Vivienne Westwood:

Read the out of print "An unfashionable life" by Jane Mulvagh for a much better (trashy) account of the greatest fashion designer of the late 20th 21st century.0 of 0 people found the following review helpful. Vivienne Westwood is one of the icons of our age. Fashion designer, activist, co-creator of punk, global brand and grandmother; a true living legend. Her career has successfully spanned five decades and her work has influenced millions of people across the world. For the first and only time, Vivienne Westwood has written a personal memoir, collaborating with award-winning biographer Ian Kelly, to describe the events, people and ideas that have shaped her extraordinary life. Told in all its glamour and glory, and with her unique voice, unexpected perspective and passionate honesty, this is her story. For the first and only time, she is both writing and collaborating on a unique personal memoir and authorised biography: partly her own voice, partly through contributions from her vast network of friends, family and associates. Ian Kelly (award-winning biographer of, amongst others, fashion maverick Beau Brummell and the original self-publicist, Giacomo Casanova) brings the insights of a historian and friend of Vivienne to the life and works of one of the major influences of our age in this wonderful, insightful collaboration.
