Agnes Warren Barnes : Waco, Texas: A Postcard Journey (Postcard History Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Waco, Texas: A Postcard Journey (Postcard History Series):

1 of 1 people found the following review helpful. Mixed Bag of MemoriesBy JorgeThis book is somewhat of a mixed bag. My personal roots to Waco predate 1884 when my maternal Grandparents were charter members in the establishment of a particular Waco Church, which, incidentally is not included in this book. Some of the cards reproduced in this book were originally in colour. Their use here in colour would have improved the book. The reproduced sharpness of many of the cards is excellent, a few, not so. Some historians might dispute an occasional fact or two. Though overall, these cards stimulate many memories of structures long gone, sites radically changed by development, events no longer occurring and various restaurant's foods that can still be remembered.1 of 1 people found the following review helpful. Five StarsBy Jenifer MichaelsThis makes for a great coffee table piece.0 of 0

people found the following review helpful. Five StarsBy D. L. BurtonFascinating.

From the 1890s through the 1920s, the postcard was an extraordinarily popular means of communication, and many of the postcards produced during this "golden age" can today be considered works of art. Postcard photographers traveled the length and breadth of the nation snapping photographs of busystreet scenes, documenting local landmarks, and assembling crowds of local townspeople only too happy to pose for a picture. These images, printed as postcards and sold in general stores across the country, survive as telling reminders of an important era in America's history.
