Kathleen Zingaro Clark : Warminster Township (Images of America) before purchasing it in order to gage whether or not it would be worth my time, and all praised Warminster Township (Images of America):

Great Visual History of Warminster TownshipBy Jason CroleyHighly recommended to those interested in seeing the evolution of Warminster Township from a sleepy farm community to a bustling suburb.0 of 0 people found the following review helpful. Warminster NostalgiaBy Bert M SoltoffSaw this book on a local store wall. I wanted to know more about the history of Warminster. This book does it.

A township in its own right since 1711, Warminster has been at the forefront of American history for centuries. Rev. William Tennent's Log College, John Fitch's steamboat, and Johnsville's Naval Air Development Center all figure prominently into its historical record. From the beginning, Warminster's people tilled the land, educated their children, established businesses, and contributed to their community and the world at large. Today Warminster is a thriving

commercial hub, and its legacy of growth and development continues.

About the Author Kathleen Zingaro Clark, author of Bucks County and Bucks County Inns and Taverns, engagingly captures Warminster's 300-year history in Warminster Township. Thanks to images provided by Craven Hall Historical Society and dozens of institutions, collectors, and community-minded individuals, treasured moments of the past will now be remembered for generations.
