Martin Windrow : Warriors: Fighting men and their uniforms before purchasing it in order to gauge whether or not it would be worth my time, and all praised Warriors: Fighting men and their uniforms:

5 of 5 people found the following review helpful. Another Osprey winner! By wpapac Osprey does it again! They have produced a very nice pocket compendium of military uniforms from all over the ages and continents that is great! Some of the pictures do come from other Osprey series but many are not and are of great quality. This is a great book for both a young reader early in their studies of military history and an avid collector. Great pricing and a great book, glad I have a copy! 1 of 1 people found the following review helpful. Three Stars By Patrick O'Hara Nice pictures from older Osprey. General view of military people over the millennia! 1 of 1 people found the following review helpful. Five Stars By Kay King Good reference book for model builders

From ancient times to the present day, the world's finest warriors have been marked out by a stunning variety of dress, tactics and equipment. This splendid collection of artwork and commentaries illustrates famous combatants from all the ages of military history, bringing them to life in incredible colour and detail. From the gleaming plate armour of the medieval knight to the sleek camouflage gear of modern special ops forces, from the distinctive attire of the Japanese samurai to the ballistic armour and modern electronics of Russia's elite Spetsnaz, this is an unmissable tour of history's most impressive fighting men.

"Buy this book!nbsp;This book would be a very handy little guide for any students of history, hobbyists researching model figure projects, or collectors wishing to know more about the stories behind the military miniatures marching and battling in their displays and dioramas." --Toy Soldier Model Figure magazine

About the Author
Martin Windrow was born in 1944 and educated at Wellington College. Since the 1970s he has worked in book publishing as a commissioning and art editor specializing in military and aviation history, and is currently a freelance editor and writer working from his home in Sussex, England. He is an Associate of the Royal Historical Society and of the Foreign Legion Association of Great Britain. In 2004 his major study *The Last Valley: Dien Bien Phu and the French Defeat in Vietnam* was published to critical acclaim in Britain and the US.
