Yannis Zacharellis : Whistling In the Street before purchasing it in order to gage whether or not it would be worth my time, and all praised Whistling In the Street:

Guitar music score book, compositions by Yannis Zacharellis."I was very young, around 10, when I got my first plastic guitar at a local feast.Later on, since, I also, as other children do, tore it apart, improvised creating more, out of tennis rackets.I decided to learn playing the guitar, when I became 16 and more mature, after having overcome my fears and embarrassment of the public.Since then, 21 years passed.I remember the joy of creation that brought me tears of happiness when I composed my first piece for guitar.When reading a score, I imagined hiding behind the small black dots, images and faces, stories and faces.After diplomas and degrees, music still remains for me a magical

journey to my best self"
